5 Doctors Agree that COVID-19 Injections are Bioweapons and Discuss What to do About It

Reports have surfaced in recent days that people who have chosen NOT to receive the experimental COVID-19 shots but have been exposed to those who have received them, and have suffered what appear to be infections coming from these fully "vaccinated" people, affecting mainly women who have reported menstruation difficulties, heavy bleeding, miscarriages, and reduction of breast milk.

Fortunately, a team of 5 doctors in the U.S., all of whom are highly qualified to address this topic, just held a round-table discussion a couple of days ago to address these issues.

How about either 5G or the heavy chem trails spreading the symptoms?

**onederer** ➔ ddodgen • 11 days ago

5G is at the frequency that can destroy tissue. If you have a microwave oven, you will observe that you have perforated metal in the door. That's to protect you from the RF (radio frequency) that's being emitted from the magnitron. It easily penetrates soft tissue and destroys it. Now, the 5G coming out of a 5G tower has no shield around it. It broadcasts RF in all directions. It doesn't discriminate where the RF will penetrate. Just like too many X-RAY's from the hospital, isn't healthy. Include the 5G frequencies coming out of your cell phone, and into your brain, when using the phone when held to your ear, can cause brain damage from frequent usage. Use the speaker phone if at all possible, away from your body. Even if you turn off your cell phone, it's always on! Only your screen gets turned off. This is why the police can turn on your phone at will, and listen to everything you do or say. If you notice, you cannot change the battery in your cell phone. It's sealed inside the phone. Some years back, in Russia, the people used to remove the battery out of the phone, to have a private conversation. But not in today's fones. Big Daddy will not let you do that! Same thing as weaponized flu shots, 5G is meant to slowly kill you! Remember, World Depopulation is on, NOW!

One fact I have learnt is that the amount of power applied to the frequency is critical in what that frequency can do to us. the only thing stopping the power level being boosted is a regulation or law, which govts would ignore if they wanted to.

I don't think that most people are aware that the 1918 Spanish Flu that killed tens of millions was thought by thinkers at that time

tech inside the covid vaccines will direct the 5G to them, depending on if you are on the list.

The purpose of the pandemic seems to be to put the 'antennae' inside as many dupes as they can get or at least make people more susceptible to the affects of 5G transmissions. At the same time the 5G rollout is being done as quickly as possible while people focus on the imaginary virus.

I often wonder if the phone screen can be a camera. Cover the camera lenses on the phone but is that enough? I imagine these smart phones can do much more than anyone really suspects.

Maybe I'm being paranoid but big screen TVs can watch you watching it.

Whoever has to monitor these things must get an eyeful. I almost feel sorry for them.

Or millions of mosquitoes released on the unknowing public?

13 ^ | v • Reply • Share ›

**onederer** ➔ Fred Ziffel • 11 days ago

I would wager that today's released mosquitoes are not meant to be beneficial. More than likely, they are meant to kill us sooner! Complements of THE GREAT RESET! Today, many subtle things introduced to the public are all meant to do us harm.

**Lisa Vacula** ➔ onederer • 7 days ago

when the idea of GMO mosquitos was proposed, it was supposedly to combat west nile, however, this theory for me has changed. their are robots now as small as mosquitos and probably with an ability to inject as well.. knowing that these particles aka "smart dust" exist everyone should should be scared for their health and liberty

Yup... a man who, for 30 years proposed genocide as a solution to global overpopulation, openly and publicly recommended "vaccines" as a delivery system for the proposed genocide, now wants to save your life with a vaccine and genetically modified mosquitoes.

May he and his kind drown in the piss kindness of their own humanity.

Another Bill Gates funded ongoing project. Hundreds of millions more will be released in the future, with an estimated 1 billion released by project end.

Always keep your mobile phone more than 13 feet (4m) away from you. All these devices emit harmful microwaves, which are bouncing around. If you keep the phone on your body and speaking on it (via headphones), you are in serious risk of cancer. Switch your Wifi router to wired mode.

covid is bioweapon. The vax causes cells to create the spike protein of the bioweapon inside you. Simple. Those injected have the covid bioweapon now inside them and spread it. right?

9 ^ | v • Reply • Share ›

**Bob P** ➔ kaal • 9 days ago

Right, and we have to guarantee them or avoid them, for all their shedding of the spike proteins and I think mRNA gene operators if are 2 microns small like most viruses. Hard to do !

The irony, if this information from these doctors is accurate, is that politicians who are pushing this, cannot stop it from getting on them. If people are actually being affected from the outside from those who have already been injected, then no person is immune from its effects! In the act of destroying others, they have unwittingly destroyed themselves.

Like all the useful idiots who help cause the chaos, when the goal is reached, will be disposed of. Can't have violent agitators around when they are needed. They have Proven that they will cause destruction and chaos already.

just like they thought it would be great to spy on "the people" to see what they were up to and having all info on everyone only to backfire because all their dirty little goings on were also being recorded as they say be careful what you wish for

The Fraud and Demonic Association (FDA) will never allow it because it would wipe out the Covid Plandemic!

It would cause a significant decrease in the total number of Covid-19 cases...I'm sure you are aware that would be detrimental to the science fiction operation known as the Covid Pandemic.

There is another variable medical authorities are not taking into consideration and that is a biological NATURAL factor they call 'kundalini rising'. It is said to be nerve fibers at the base of the human spine that act like a electric battery responsible over generations for human consciousness evolution. These fibers can be stimulated into action by pineal and other gland hormones in the brain (via G-5?) which travel through spinal fluid to the kundalini fiber site triggering it into action. Check this out on the web under 'kundalini, signs and symptoms'. Thousands of people are starting to experience 'kundalini awakening'-- naturally or possible prematurely before they are ready for it--and are
